Operations, Systems & Automation Professional

Profile

I turn operational bottlenecks into practical systems, workflows and scalable processes. My background combines business operations, approximately three years of remote US real-estate support, transaction coordination, CRM thinking, executive and client support, digital operations, marketing and lightweight automation.

In US real estate, I have supported buyer-side and seller-side workflows across North Carolina and South Carolina, from contract to closing, including listings, CMA support, calendars, email, documentation and stakeholder communication. My working environment has included Zillow, Zillow Plus/Showcase, MLS, Canopy, Matrix, SkySlope and kvCORE.

I also build practical tools around recurring operational friction, including a custom real-estate operations system connecting lead intake, CRM, marketing triggers, transaction coordination, closing, documentation, archives, finance support and time tracking.

Professional experience

Founder & Systems Developer | SAGAZ

Sep 2026 - Present | Fortaleza - Remote

- Develop practical tools, web experiences and AI-assisted workflows connecting operations, CRM, marketing, customer service and execution.
- Automate recurring CRM, finance and sales workflows; create solutions for approvals, reviews, marketing and operations.
- Integrate content, SEO, design, customer service and project management.

Independent Systems, Digital & Marketing Operations | MidiaHub

Jun 2014 - Present | Brazil - Remote

- Project-based work across WordPress, web design, SEO, content operations, digital marketing, workflow design, lead generation and sales operations.
- Rebuilt an outdated website while preserving more than 14 years of historical content in a functioning legacy environment.
- Created lightweight tools for approvals, reviews, catalogs, orders, inventory and marketing flow, plus YouTube workflow and editing protocols.

Real Estate Operations & Transaction Coordinator | Executive & Client Support | RE/MAX Executive Group

Dec 2023 - Jul 2026 | North Carolina & South Carolina - Remote

- Remote support for buyer- and seller-side workflows from contract to closing, including listings, documentation, calendars, scheduling, email, records and stakeholder communication.
- Prepared, reviewed and tracked disclosures, contracts, closing documents and CMA support.
- Worked with Zillow, Zillow Plus/Showcase, MLS, Canopy, Matrix, SkySlope and kvCORE; developed a system connecting leads, CRM, marketing, transactions, closing, archives, finance and time tracking.

Earlier career

Management and Concierge - Lara's Hotel, Capitólio; English Teacher - CNA English School, Ribeirão Preto; Pedagogical Coordinator - Uptime Consultants English School, Divinópolis/Ribeirão Preto; Marketing Manager - Vero Festas, Goiânia; Commercial Prospector and ERP Sales - SIAGRI ERP, Goiânia; Events Marketing Manager - Sport&Track; Marketing Manager, Online Business - XporY; Luxury Real Estate Prospector - Opus Incorporadora; Designer/Sales - Dimare Móveis Planejados. Includes interpretation support for the Mariah Carey team/tour and New Holland/Agrishow event support, Barretos 2010.

Availability

Open to remote or on-site opportunities in operations, systems, automation, real estate, executive support, digital operations, marketing and customer support.
